How to Use the INDEX

This is an Index to all the reading matter in the Journal. It is essentially a title and author index, although subject headings are provided.

Articles, Committee Reports, and Editorials are listed alphabetically according to the key words in the title, with many cross-references.

Editorials are indexed under "Editorials," as well as alphabetically under the key words in the title.

News notes and Credit Lines are indexed under their respective sections. These sections should be searched as supplemental to the title index.

Matters pertaining to the Association and to Affiliated Associations and Regional Branches are indexed under their respective categories.

Obituaries are indexed under "Deaths."
